Tips

1. The artificial flowers are handmade, there are slight differences in workmanship and measurement, the actual product shall prevail.
2. Artificial flowers are different from real flowers. The glue silk (twisted wire can be cleaned) and burrs left during production are normal phenomena and do not affect the overall normal use.
3. Due to logistics reasons, bending may affect the shape. The iron wire included can be adjusted left and right to adjust the position of the flower head.
4. Avoid placing it in an environment with a lot of dust and oil.
5. If there is an odor after opening the box, it is normal. You can place it in a ventilated place to diffuse the smell.
